

HOME INTERIORS & STYLING

Tisser has started this new initiative to connect the dots in the home, office and living spaces by poising a one stop window for designers, architects, home owners and hotel owners. Through this initiative, our brand wants to harness artisans connect and provide customised end to end solution for each room, each space from furniture to furnishing.

Har Dil Mein Bharat is a social enterprise to bring focus on fairly traded, eco-friendly and genuine hand-crafted products from rural India.

The campaign is to bring unique products for homes, offices and other living spaces that are not mass produced and the spaces an ethnic Indian look. With varied available options, each look is distinct from each other.

HOSPITALITY INTERIORS & FURNISHING

Tisser's foray into the decor, furnishing and interiors industry has been through decor items, artefacts and utility products with traditional art and motifs being an intrinsic part of the brand.

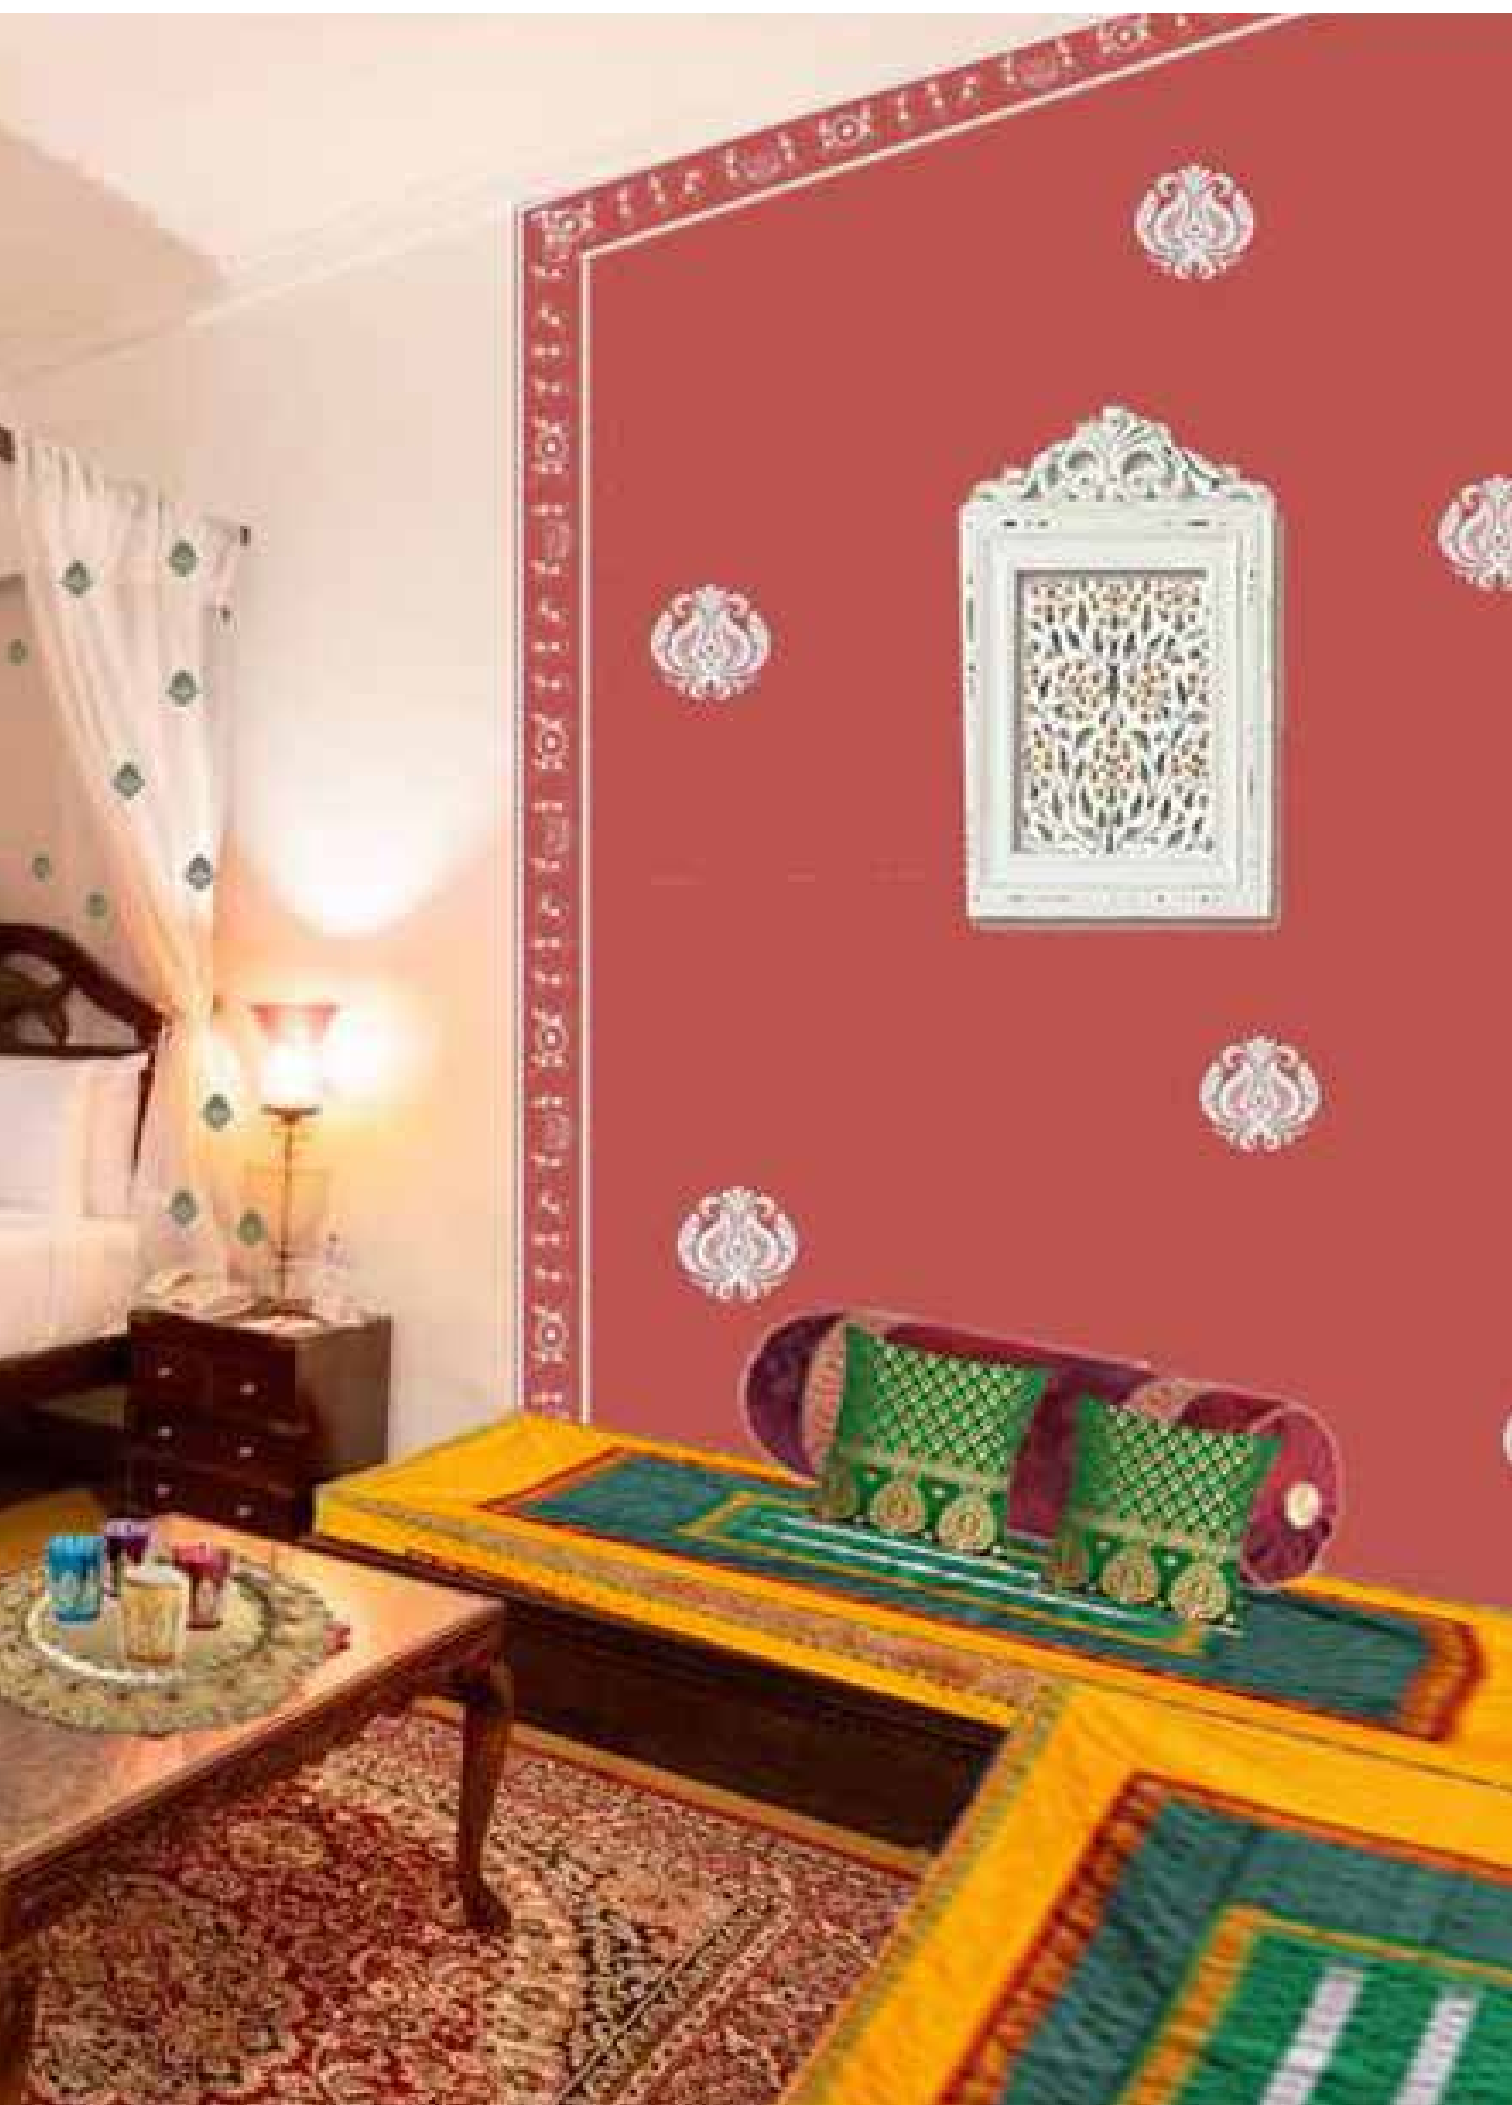

Tisser offers co-ordinated design ideas for the room decor, artwork and utility products. We provide eco-friendly and customised solutions for utility products within hotel rooms, however, Tisser products are not limited to it. Ethnic theme based designs well suited for restaurants, cafes and other spaces within the premises are part of the solutions that we provide.

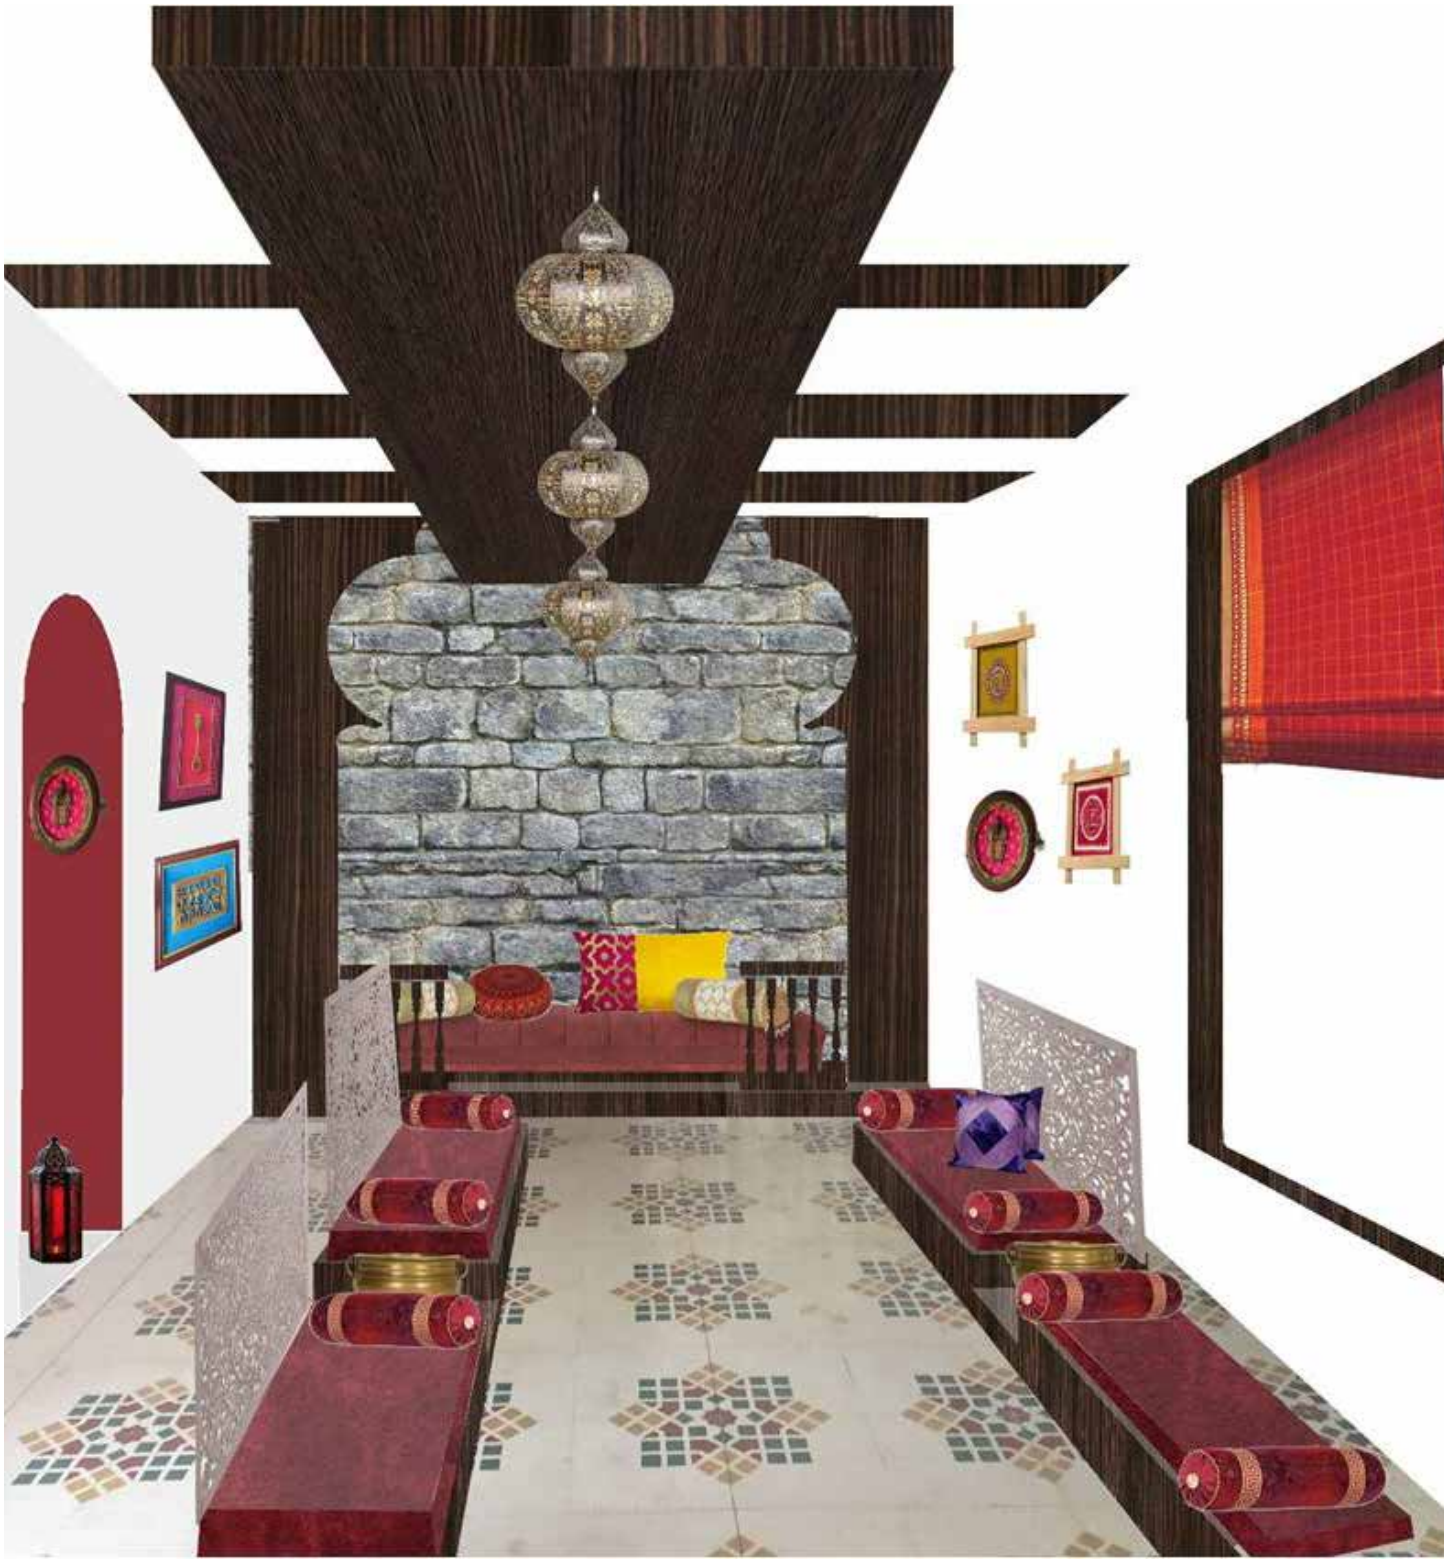

Tisser's Decor and Interiors range is curated by our designers and crafted by the rural women artisans across India. It helps in survival of rich cultural legacy and traditions that deserve to be protected at all costs.

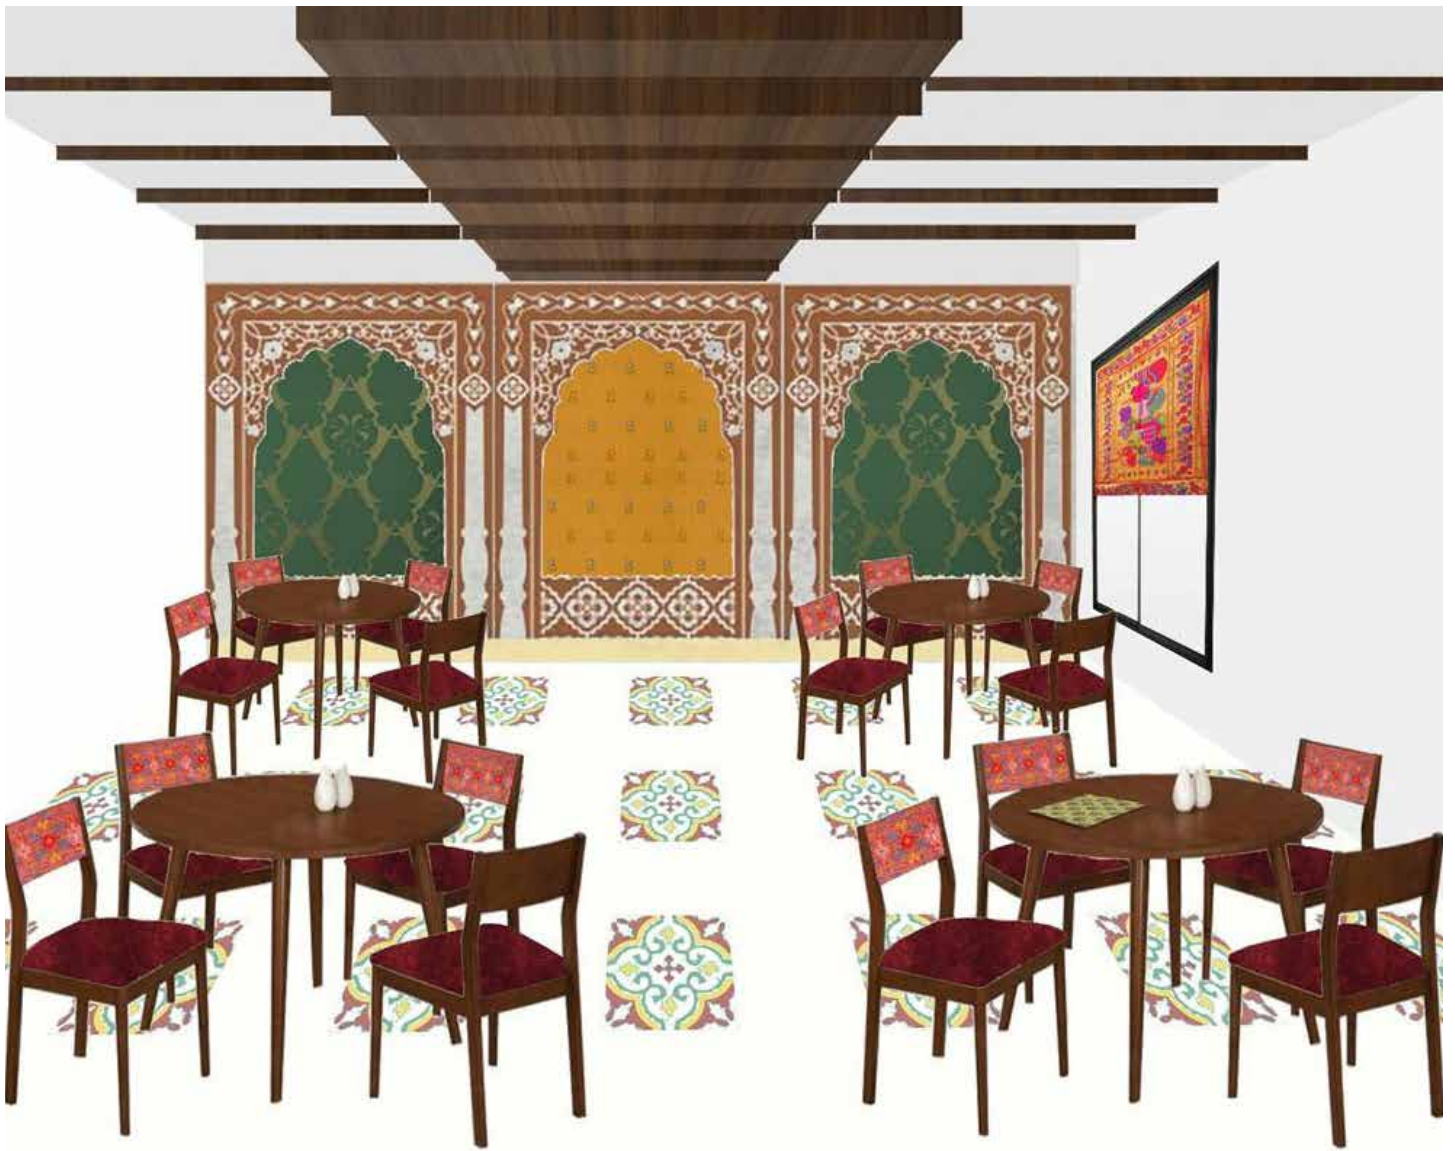

Be a part of aiding the prosperity and growth of millions of weavers and artisans across the country whose magical hands can fashion objects of great wonder and fascination.

Suites. Restrooms. Cafes. Restaurants. And everything under the sun. Each space can be transformed into a special experience with an ethnic Indian vibe. A space that has a rich, cultural aura that can be experienced by everyone in its midst. Explore a variety of ethnic themes based on traditional artforms of India with Tisser and rethink the way you want to create consumer experiences.
